

Global Certificate in Computational Pathology

Introduction to Computational Pathology

mindmap

```

    root((Introduction to Computational Pathology))
      Pathology Basics
        Disease Diagnosis
        Digital Imaging
      Image Analysis
        Image Preprocessing
        Segmentation Techniques
      Machine Learning
        Deep Learning
        Model Training
      Clinical Applications
        Diagnostic Tools
        Patient Outcomes
  
```
